I know it was cheap and saw it had bad review but like hm maybe this game is good but I was really dissapointed. They have bad text. not really good explanation on things. Even the mechanics so I do not recommend this game. I feel sad that the developer added cards early instead of focusing on the game. And my score

Gameplay 1/10

Graphics 3/10

Sounds 2/10. Runtime error

Construct encountered an error in the display engine. Please report this problem to the application developer.

Failed to create texture (0x8007000e)

That's your entire game. You can farm trading cards if you don't click the crashbox away, but no actually booting the game possible. WTF Steam?. Game does not launch.. I had an unexpected day once. When I woke one morning to find a giant buttplug up my♥♥♥♥♥♥♥♥ and a huge black♥♥♥♥♥♥♥♥ glued to my forehead.

Also there was what could only be a described as a dwarf hooker next to me about to snort a line off my♥♥♥♥♥♥♥♥

In the corner of the room was an obese naked man with huge feathers sticking out of his♥♥♥♥♥♥♥♥br>with a very small♥♥♥♥♥♥♥♥

But worse of all was my PE teacher from high school about to drop his♥♥♥♥♥♥♥♥ onto the black♥♥♥♥♥♥♥♥ on my forehead.

This was a very unexpected day and far better than the day in this♥♥♥♥♥♥♥♥ game.. For garbage cards

Crashes immediately

"Author" raises the related bots. pretty good game

crashes every 10 seconds. Unexpected Day - what to expect:

- a) is named "Application 1" on taskbar,
- b) main menu music (which is all music) plays only once,
- c) alt-tabbing makes it crash,
- d) ESC does nothing,
- e) has no sound,
- f) takes over 1,6 GB of RAM... and it's just on start,
- g) Steam Overlay also makes it crash,
- h) you can 'spam' Enter key, when changing location (using "Enter) to prevent going there...
- i) no basic options, like rebinding keys,
- j) poor English.

At least Dev sells it for only 1 euro. Not that much of cashgrab, but game offers almost nothing, except some 'visual' story ("visual" cause it's pixelated), where you need explain it to yourself.

PS: I almost never do that, but here's gameplay video: <https://youtu.be/5x2i3kKIub4>. Got quite far in this pixelized weird game, game crashed, had to restart all over again.

This game is pure horrible.. i hate this game. Doesn't even load. its great game considering you cant even play graphics are good to be fair tho
